Report of Const Joe Keane relative to applications of Axel A and Holger C. Jarlov for letters of naturalization vide the attached memorandums

I respectfully report that these applicants are brothers and natives of Denmark, where their father and mother are school teachers; Axel arrived in the Dominion about 5 years ago, Holger about 2 years ago, during this time they have both followed bush work but have now secured a small dairy farm near Matamau where they intend to settle I have made enquiries and find that both are very steady and industrious; and being young men of 25 and 27 years of age. I have no doubt but they will make prosperous settlers and good citizens

Sir,

With reference to your memorial for Letters of Naturalisation: I have the honour, by direction of the Minister of Internal Affairs, to inform you that five years' residence in New Zealand is necessary before naturalisation is granted, unless there are evidences of settlement other than mere residence to justify the Minister in giving earlier favourable consideration to your application. As you have resided only 4 years in the Dominion, it will be necessary, before the Minister can give a decision in your case, for you to supply the particulars desired in the enclosed form. If you will have the form completed and returned to this Department you will be duly advised whether the Minister can meet your wishes at present.

I have the honour to be,

Sir,

Your obedient servant,

Under Secretary.
