Dear Phyl.

I was down with
a headache when Chris
arrived. I forgot all about
him & was happy to be
reminded. Thanks are much
as usual, Heads neck aches
& then a bad up for a week
or so. I'm well looked
after & get letters when
I want them. One of our
patients had a baby & went
just in PR hospital but
died the same day. She was
almost blind & deaf, so
had to live in a world of her
own. She had been in Mr Henson's
household for some years
& they have met her

The folk had a lovely day for
the wedding & a lovely day
weather or no, it was a
lovely Spring day. So sorry
not to see Marie & Tom,
Mabel & I had looked
forward to see them. We
see Dorothy nearly every
week, She is a Member of the
Board here. I think the
folk are well & you
saw them recently.
No news these so I'll
post - love much love
from Mabel
