Dear Phyl, I find I've not answered your last letter, but the week before Xmas got me down headaches, etc. Sheila had to come to my aid so if things are mistakes feel it all down to my dillyness, had a few off days & now better again. Tom came in yesterday morning & I had a quiet day at the farm. Had the usual turkey & Plum Pudd & T Salad Cream Meringues. Some remarked, I miss Des now, he always cleaned up the Puddings, took home the left-overs. Thanks ever so much for the Xmas gifts most suitable & pretty.

Yesterday afternoon Tom took us for a run out. We

went to the Diamond Wilson place

he has given it all to T. Z.
so you can roam around
for miles caretaker in charge
lives in the home. We walk
ed the bush paths, it would
have suited you lovely
bush but different to what
we are used to & lots
of bush flowers, some I
knew but many new to me
quantities of native violets
small white with just a little
colour, we didnt go half
far enough but with helping
arms each side managed a good
walk for me, hope to go again ~~soon~~
some day, lunch time, I have
& love to all from
Mabel
