

Coombes.

Deilding. 23/1/75.

Dear Phil.

Somehow I have had two envelopes addressed to you so I may as well use them. I hear you have decided to come down this way for a change. It will be good for you. June will do the driving. It will be good to see you, it seems a long time since you were this way. We are expecting to have a new nation today, she came about a month ago & I thought she seemed all right. we have had two or three since, subs, but we have got through all right, now I hear that the one coming has

two boys & a dog, perhaps it
won't be so well, we will have
to wait & see. The submabron
left last week, two or three others
as well & the gardener is
going to take a trip to Japan
so things will be somewhat
different. It was just on lunch
time oh I see I've made a
mistake there is an hour, so I
get this finished by then, there
doesn't seem to be much news
I do hope you are better than
when you last wrote to me.
I'm much better, just have to
watch the draughts, still have a
back which gives me plenty of pain
I think all the folk down this
way - well. I've not seen Ben
since his return. Lots of love to all
Yours as ever
M Goldsmith
