Dear Phyl.

Just a very ordinary morning, thought I could answer ~~any~~ your letter. Not that there is any news but as in the above line, however I cannot see the lines on the paper, my ~~sight~~ sight is lessening & letters do not appeal to me.

I have to get one of the girls to read them to me. The new matron is here, we expected one, but there was a boy & girl & boy or another boy. School begins today so we do not see

much of them & there is a dog. Some one takes him for a walk in the mornings, then he is tied up, from then on he sleeps

in the back of a motor-car
all school is out - so I do not
see much of him. There are a
few cases of sickness, one lady
fell on the floor, no bones broken

but badly bruised. Mrs Crump
has dried her eyes, she is
weeping all the time, depression is
her trouble, a few bad backs,
none is one of them, a few meals
go to the bed & otherwise all's well
The weather is much cooler

The hot days & the old folk are
absent from the tables
Short of Staff & we are asked to go
to the kitchen, do beans, but it does
not hurt anyone.

Thanks for Photo & now it comes
from the other Phyl. Sheila came
around yesterday, we went to the beans
& an hour later they were done.

Lots of Love To you all

Sister Mabel
