Dear Phillis,

Your letter for which I have been waiting for a long time came only yesterday. but before I start I want to tell you why I did not get the letters before. Well in the first place, I do not go to Lytton St. School but to the Convent because I have only to go across a paddock to school so that is why I go there. How is Dorothy Goldsmith. Trevor has got Bronchitis and has been (~~in bed~~) home from school for a week. About this time last year he was in bed for six weeks with ~~Phes~~ Pneumonia and if we are not careful we are afraid he will get it again. Mum is quite well. Answer this letter as soon as you

can, and dont forget to send the
next letter to the house. My address
is on top of the letter.

I remain
Your old mate
Thelma. Cameron
